

On Demand Press & Industry

This year the usual on-site Press & Industry (P&I) Screenings and Video Library are replaced by **P&I Screenings** through **Festival Scope Pro**. Feature films can be streamed there for 72 hours, starting at 09:00 (CET) the day prior to the official online festival premiere. Ammodo Tiger Short Competition titles in compositions are available throughout the whole festival period. Each film can only be streamed once by each user.
